

Work Environment Policy NPA Plast AB**Work safety policy**

We market and sell plastic bags, foils and related products, plus cleaning chemicals. We will provide our employees with a healthy, safe and stimulating work environment. This is necessary in order for us to get good results.

We work actively to prevent occupational health risks that can cause physical or psychological injury. We fulfil legislation and other compliance obligations.

We strive to:

- Creating a workplace designed so that the risk of injury is minimal.
- Regularly inspect our machines so that they are safe and conform to legislation.
- Avoid using harmful substances so that the risk of injury is minimal.
- Protect our personnel by providing safety equipment.
- Have a good dialogue between management and employees regarding our work environment.

By working according to the above, we consider that we contribute to a good sustainable work environment for all our employees.

Fredrik Lidbeck, Managing Director
